Using a unique and natural recipe that infuses the lemon's sweet peel and bitter leaves with herbs and botanicals. We hope you enjoy it as much as we do!

FOREST GIN

Here at Wood Fire Smoke, we're all about flavour, quality, and supporting our local community, which is why we're delighted to feature Forest Gin on our new drinks menu. Produced just a stone's throw away in the heart of Macclesfield Forest at the Cat & Fiddle, Forest Gin is distilled using fresh spring water from the Peak District and a carefully chosen selection of wild botanicals, many foraged by hand. It's won multiple awards, and its beautifully bold, natural flavour is the perfect complement to our wood-fired pizzas. We're passionate about working with local makers who share our commitment to craft and sustainability and Forest Distillery ticks every box.
